SALT LAKE WILL BUILD TO BAY, IS RUMOR AS SURVEYORS ARE BUSY

Stakes Dot Shore Line Along Inner Harbor On Santa Ana Side

LITTLE DOUBT CREW IS IN RY'S EMPLOY

County Seat and Bay Already Linked By Partial Way Right, Is Report

It was learned this afternoon that the surveyors who are at work near Upper Newport Bay are working for the Pacific Light and Power Company, which is planning to run a high line to Laguna.

That the Salt Lake railway has in prospect the building of a branch line from Santa Ana to the headwaters of Newport harbor is a very reasonable supposition at the present time in view of recent developments in the vicinity of the harbor.

During the past few days a number of surveyors have been running their lines in the vicinity of the old dam at the lower end of the inner bay, their stakes at present dotting the shore line of the inner harbor on the Santa Ana side and extending across to the opposite mesa.

That these men are in the employ of the Salt Lake Company there appears to be little doubt as County Surveyor J. L. McBride states that no county or state work is in progress in the Newport district at the present time.

It is rumored that the Salt Lake Company has a partial right-of-way at least across a large section of the land lying between Santa Ana and the harbor and in view of the recent developments in harbor improvement at Newport it is thought the railroad considers this an opportune time to get in on the ground floor before any further rises in value occur.

It has been pointed out that the plans for the extension of the Salt Lake into Orange county, provide for three feeder lines centering in Santa Ana, which will secure freight from rich adjacent districts for the road after the branch line from Pico station is completed to Santa Ana.

One of these lines it has been thought will extend to Garden Grove, tapping the beet and bean section southwest of Santa Ana, while the other will no doubt extend out through Tustin via the citrus belt to the San Joaquin ranch. The third route it is surmised will lead coastward to Newport harbor. That this is at least being considered by the railway officials there seems to be no doubt.

IRRIGATION OFFICERS OF IMPERIAL DISTRICT RETURNED TO OFFICE

EL CENTRO, Feb. 9.—Present officers of the Imperial Irrigation District were returned to duty at the annual election held in Imperial Valley. There were spirited contests in the case of director of the El Centro district, in which LeRoy Holt, incumbent, and C. M. Berry contested for the place, the former winning, and in the office of collector and assessor and treasurer.

The election of district officers is the most important election held here because of the power wielded by the officials of the district in the control of the water situation. Stability of the irrigation system is more assured through the return of the old officers.

M. E. MINISTERS HOLD FIRST CAL. 'CHURCH EFFICIENCY MEETING

LONG BEACH, Feb. 9.—Pastors of Southern California Methodist Episcopal churches met here today in what is believed to be the first "church efficiency" meeting ever held in California. The meeting was proposed by Bishop Leonard. Ministers and church workers who have been particularly successful in separate lines of church work were on the program for talks. Dr. E. J. Inwood, superintendent of the Long Beach district of the M. E. church, was in charge.

Similar meetings were held today in the First Methodist Episcopal churches in San Luis Obispo and Santa Paula.

COUNT VON BERNSTORFF

BULGARIA WARNS U. S., IS REPORT

AMSTERDAM, Feb. 9.—Bulgaria has "warned America that she will support Germany in any eventuality," according to a Cologne Gazette dispatch here today.

BRAZIL SENDS PROTEST TO AUSTRIA ON UKASE

RIO DE JANEIRO, Feb. 9.—Brazil has duplicated to Austria-Hungary the note she sent to Germany protesting the Teutonic submarine policy. Although the text has not been made public it is known that Brazil's decision to accept Berlin's view that her own situation permits abandonment of international laws is expressed in firm phraseology.

CHILE WARNS KAISER AS TO SHIP ATTACKS

SANTIAGO, Feb. 9.—Chile, in a note handed to the German ambassador today declared it is free to claim the respect of its rights in case of any hostility to any Chilean ship. The note repudiated Germany's right to establish a submarine zone and its terms indicate an acceptance of the American position.

The restrictions imposed by Germany in the "barred zone," the note declares, means the restriction of neutral rights.

"Chile cannot accept such restrictions; they are contrary to all principles favoring neutrals, and their acceptance by Chile would signify that Chile was no longer neutral," says the note.

LYTLE GETS 22 YEARS IN DESERT ACID CASE

EL CENTRO, Feb. 9.—The heaviest sentence ever given any person for throwing acid in this state for many years was imposed on B. C. Lytle, the defendant being given a term of twenty-two years in Folsom prison for casting caustic acid on the face of Thomas C. Potts, a Holtville druggist. Superior Judge Franklin C. Cole scathingly denounced Lytle's act, stating that it was premeditated, brutal, stealthy and the result of long planning. Lytle must serve twelve years for the first acid throwing, and ten years for the second.

Lytle was seemingly little affected by the sentence. After the judge delivered it, he stooped to whisper this question to his attorney, Joseph F. Seymour, Jr.: "Does the second sentence come right after the first?"

Mrs. Lytle, dry-eyed, bowed her head in shame as the heavy words fell upon her ears. Potts, smiling broadly, ejaculated: "Good, but I wish it was heavier."

Outside the door, Miss Cecelia Smith, the pretty young woman who was the prize for whom Lytle strived when he attempted, it was charged, to marry Potts' beauty, met Potts and the two saluted each other joyously.

Attorney Seymour gave notice of an appeal.

MOVE TO PARDON RUEF SEEN IN NEW MEASURE BEFORE LEGISLATURE

SACRAMENTO, Feb. 9.—What some people believe to be a move to force Governor Johnson to pardon Abe Ruef, former San Francisco political boss, is scented in a bill introduced in the legislature by Assemblyman F. C. Hawes of San Francisco. If passed, it will compel the governor to pardon convicts, restoring them to full citizenship, after they have been on parole for two consecutive years.

At present the power to pardon rests solely within the discretion and option of the governor. The Hawes bill would force the governor, next August, to pardon some 200 convicts, including Ruef, who was paroled from San Quentin prison in August, 1915.

GERARD LEAVES TOMORROW FOR SWITZERLAND; PLANS LAID

Military Escort to Be Given Envoy, Is Report From Berlin Today

BERLIN, Feb. 9.—Preparations for the departure of United States Ambassador Gerard and his staff, American consuls and American Red Cross officials were today completed. A special train will probably take the Americans to Switzerland tomorrow, the Spanish minister simultaneously assuming American interests here.

Ambassador Gerard will be given a military escort and other courtesies.

TEUTON "LEVER" SEEN IN HOLDING GERARD

NEW YORK, Feb. 9.—Belief that the reported action of Germany in holding up Ambassador Gerard's passport was a move to bring the American authorities to dismiss criminal proceedings pending against former embassy attaches here, was today expressed by federal officials. Several of the attaches' cases were turned over to the State Department when relationships were broken.

HOLD BERNSTORFF'S SHIP PENDING GUARANTEES

NEW YORK, Feb. 9.—Officials of the Scandinavian-American Line today said that the steamer Frederick VIII, on which Count von Bernstorff and his party expect to sail to Germany, will not be released for sailing until guarantees for her safety have been received in Copenhagen from the French, British, American and German governments.

ALLEGED SLAYER HANGED TODAY

SAN QUENTIN, Feb. 9.—Joseph Vance Wilt was hanged today at 10:30 o'clock. Before the trap was sprung he made a statement reiterating his innocence.

The crime of which Wilt was accused occurred on the morning of February 14, 1916, in Germantown, Cal. He is alleged to have gone to the house of his brother-in-law, J. T. Jansen, and, at the point of a gun, forced Jansen and Warren C. Smith, both employed in the Rochdale store in Germantown, to leave their beds and go to the store. He demanded that they open the safe, but they were unable to do so. Wilt declared he then marched them down a railroad track and as they started to run opened fire. Smith was shot dead and Jansen was wounded with a bullet in the shoulder. Jansen managed, however, to get away and he spread the alarm.

Wilt fled into the country and was captured while hiding in a eucalyptus grove.

Wilt being masked, Jansen says he did not recognize him and it was believed, until Wilt was arrested, that the motive was robbery. It developed that, two years previously, Jansen and Wilt were principals in a family quarrel and while the real motive, up to the last, was not clear it was alleged that Wilt harbored a grudge against his brother-in-law. In the numerous appeals to Governor Johnson in Wilt's behalf, it was pointed out among other things that he did mean to shoot Smith.

SISTER BY 5 HOURS LOSES DEATH RACE

BISHOP, Feb. 9.—Death won as sad and thrilling a race as ever was run, when Miss Anne J. Nelligan, 24-year-old instructor in the Bishop Union High School, who was stricken ten days ago with pneumonia, passed away at 4 o'clock. At the very hour when the summons came, Miss Florence Nelligan, a sister of the deceased, was trudging through the snow, forty-four miles away, hoping against hope to see her sister alive.

Leaving her home in Lida Valley, the sister, accompanied by three experienced drivers, started in a high-powered machine to make the seventy-six mile trip. After traveling eleven hours a broken axle forced them to abandon the car and make a six-mile walk to the nearest toll house. There the party obtained an available team and, driving to Big Pine, exchanged it for the sheriff's car, in which they finished their journey.

When Miss Nelligan arrived her sister had been dead five hours.

FINE QUALITY OIL IN UPPER BAY SECTION

Giant Gas Pressure Reported Below Where Men Now Are Drilling

Overcoming great difficulties, due to quantities of water in the soil, drillers in the upper Newport Bay section this morning came upon a fine quality of crude oil.

For the past two or three months the men have been sinking concrete in the hole in order to keep down the flow of water. Recently they began drilling through this concrete. This morning they came upon oil, free from water.

It is reported that the deeper the drilling goes the finer is the quality of oil.

Indications are that there is a tremendous pressure of gas below where the drill now is.

The well is located about three-quarters of a mile northeast of the upper bay.

The property is said to be controlled by W. S. Collins. E. L. Doherty, oil magnate, is reported to have an interest in the holdings.

FORD OFFERS TO LOAN HIS FORTUNE TO U. S. WITHOUT INTEREST

NEW YORK, Feb. 9.—Henry Ford today offered to loan the government in addition to his factory offer. He said:

"A pacifist is like a cat; back it into a corner and it becomes a fighter."

Ford declared his belief in the "baby" submarine and said it would be worth something for the government to have a plant capable of the manufacturing capacity of his factory.

RIVERSIDE, Feb. 9.—Don Pasquale, a picturesque Italian musician, who had the entire to many prominent musical homes during his short stay in the city, was bound over to the superior court to answer a grand larceny charge. His friends turned out in force for the preliminary hearing on the charge of stealing a violin from A. Kreischmann, who testified that the instrument had been in the family for fully 135 years. Some of the ladies present did fancy work while the hearing progressed.

In default of \$1000 bail the musician went to jail, testimony that the instrument was worth considerable money resulting in the charge being more serious than that of petty larceny.

THEIR NAMES FREE 2 ACCUSED AS VAGRANTS

SAN FRANCISCO, Feb. 9.—There may be nothing in a name, but you can't persuade Hector Wallace and William Fitzpatrick that there isn't. Fitzpatrick appeared before Police Judge Fitzpatrick on a charge of vagrancy.

"My name's Fitzpatrick," said the prisoner.

"That's enough. You're dismissed," said the judge.

Hector Wallace was up for vagrancy.

"Three months," said Judge Fitzpatrick.

"His name's WALLACE," said Probation Officer WALLACE.

The judge took the hint.

"Dismissed," he said.

SWITCHMEN'S DEMANDS GRANTED; STRIKE OFF

CHICAGO, Feb. 9.—Eighteen railroads entering Chicago today granted the demands of the switchmen's union. The strike vote was annulled. If effective, the strike would have paralyzed transcontinental shipping through here.

SEATTLE, Wash., Feb. 9.—The great American tin can, out of which two-thirds of the United States eats its meals, was opened up for investigation by the canners of the Northwest here today. Tin cans as such, labels, bacteria, sterilization, by-products, production, distribution and other problems will be discussed.

Wilmington Tanker Sails For France; Yankees in Crew

LONDON, Feb. 9.—Twenty-five persons are reported to have been lost in the submerging of the steamer Veadmere. There was one American in the crew.

WILMINGTON, Cal., Feb. 9.—After delaying her departure for several days, the American tank steamer Goldshell today passed seaward with a cargo of petroleum for France. Eighteen of the crew are Americans.

NEW YORK, Feb. 9.—The American freighter Orlean, unarmed and unstriped and flying the American flag and with American officers and crew, today cleared for the "barred zone," carrying a non-contraband cargo for Bordeaux, she expects to sail this evening.

The Orlean expects to reach the danger zone in ten days. This is her first sailing as an American ship, as recently she was transferred from Argentine registry.

WASHINGTON, Feb. 9.—The two Oronell children, born in Philadelphia to unaturalized aliens, and who were lost on the California, were not American citizens, according to the State Department.

LINER RYNDAMP PUTS BACK TO N. Y.

NEW YORK, Feb. 9.—Officials of the Holland-American line today received a wireless from the captain of the liner Ryndamp, saying that he expected to reach New York Wednesday. The company did not explain why the vessel put back to this port after reaching the "barred zone."

OFFICIALS NOT ANXIOUS OVER S. S. BALTIC

NEW YORK, Feb. 9.—Failure to receive reports of the arrival of the Baltic at Liverpool has not caused anxiety.

Slain Negro On Turino Not An American Citizen

WASHINGTON, Feb. 9.—Consul Frost at Queenstown today officially reported to the State Department that George Washington, the negro, was born in Canada and was apparently a British subject.

LONDON, Feb. 9.—The American consul at Liverpool today reported that the negro killed on the Turino yesterday was a resident of Liverpool, is believed to have been born in Canada and probably was not an American.

England considers that Germany has committed at least two "overt acts" within the scope of those President Wilson said would cause war.

There is great indignation here today over the California sinking. California survivors' stories

ANOTHER CEMENT DUST DAMAGE SUIT FILED BY RIVERSIDE WOMAN

RIVERSIDE, Feb. 9.—The Riverside-Portland Cement Company is defendant in another cement-dust case, which was commenced in the superior court here Tuesday. Edith S. Lewis alleges her orange grove of 6.32 acres has been damaged to the extent of \$4000 by a fall of cement dust and solid matter amounting to many tons each year since June, 1912. Damage is further attributed to dynamite explosions, which make her property an undesirable place of residence, she says. The governor has appointed Judge Milton T. Farmer of Kern county to hear the case, which will be defended by State Corporation Commissioner Carnahan.

OXNARD SPECULATOR GETS BEAN OPTIONS

OXNARD, Feb. 9.—Local bean brokers are receiving inquiries for two weeks' options on large quantities of limas. One offer was for 1000 tons. No quotation was made, the local broker saying the inquiry came from some speculator who wanted to make money in the event of war with Germany.

There is considerable business in future bean contracts in the county, a number of contracts having been written at \$6.50 to \$6.80, for next season's limas.

R. B. STEVENS NAMED WASHINGTON, Feb. 9.—Raymond B. Stevens, New Hampshire, former member of Congress, was today nominated by President Wilson as a member of the Federal Shipping Board, succeeding Bernard Baker of Baltimore, resigned.

BIG MOVE BEGUN AT WASHINGTON TO KEEP U. S. OUT OF WAR WITH KAISER

"Overt Act" By Germans Not Yet Committed, Official View At Capital

WASHINGTON, Feb. 9.—While America hopes against hope and prepares for any eventuality, tremendous sub-surface moves to keep the country at peace are progressing.

The movements which are supposed to have the informal sanction of the government will consist of efforts among other neutrals to get a conference in Madrid to confine the war to its present limits and to get assurances from Germany that she will not harm neutral rights; efforts by America to avoid a break with Austria by having Austria modify her endorsement of the German program, and expected efforts by Count von Bernstorff for peace after he reaches Germany, provided no "overt act" has up to then been committed.

No case thus far, it is said, presents an out-and-out violation of American rights, though the sacrifice of lives apparently shows Germany's intent to go the limit in submarine.

An outright illegal sinking of an American ship with accompanying loss of American life or a formidable accumulation of affronts to this nation will be the only things to bring President Wilson to the point of war. This was the situation when the cabinet gathered today. Members of President Wilson's cabinet are expected to approve his attitude. "This attitude, it is said, has been formed upon public opinion as reflected in White House messages. Moreover, evidence has accumulated constantly showing that American rights have not been infringed upon, at least not more than technically."

Officials point to the fact that despite the surface appearances of the Housatonic, Elvestone, California and Turino sinkings, which at first looked so black, they have not developed the "overt act."

ENGLAND FLAYED BY G. O. P. SOLON

WASHINGTON, Feb. 9.—Congressman Moore, Republican, today denounced England and indirectly charged that she is fostering "lying and pernicious reports" to excite Americans to war, Moore said:

"London is crazy with delight since President Wilson announced the break with Germany. We have had trouble with England twice, and I am quite ready to believe that every pernicious and lying report coming from London now is an inducement for us to go to war. I do not want the people of this country deceived. I am satisfied that most of the people of this country want peace, with honor of course." Democrats joshed him during his speech. He cited newspaper headlines to support his theory that first reports are not supported by the facts.

COMMERCE BOARD O. K.'S COMMANDERING BILL

WASHINGTON, Feb. 9.—The Interstate Commerce Committee today reported favorably to the Senate the bill empowering the President in time of national emergency to commandeer the railroads of the nation for "military purposes."

REFERENDUM VOTE ON WAR IS ASKED

WASHINGTON, Feb. 9.—Congressman Colloway of Texas today introduced a resolution that Congress or the President not declare war against a foreign government without a referendum vote of the people.

CAL. NAVAL MILITIA IS READY TO MOBILIZE

SAN FRANCISCO, Feb. 9.—Plans for the mobilization of the California Naval Militia have been completed. Should the government call for men, 1050 from San Francisco, Eureka, Santa Barbara, Santa Cruz, Los Angeles and San Diego will be ready to respond quickly.

SCANDINAVIANS WILL ASSUME BELGIAN AID WORK IN WAR EVENT

ROME, Feb. 9.—Vatican sources today said that Holland, Switzerland and Scandinavian countries had agreed to undertake the relief now carried on by America in Belgium and France in the event of a German-American war.

POPULAR PASTOR OF CHRISTIAN CHURCH HAS RESIGNED

Paul E. Wright Will Go to San Bernardino Church On the First of April

Paul E. Wright's days for expounding the gospel in Santa Ana have been numbered.

The popular pastor of the Christian church will close his pastorate here April 1, after which date he will make his home in San Bernardino. He was called to the pastorate of the church there this week.

Wright tendered his resignation as pastor of the Santa Ana church on the first of the year and it was accepted

by the official board. Later the board reconsidered its action and declined to accept it. The pastor again tendered his resignation and it was accepted at his earnest solicitation.

Wright came here from Callaway county, Mo., six years ago. When he left Missouri he was county evangelist of Callaway county, and had attained considerable prominence as a successful evangelist.

The church here under his pastorate has prospered and increased in membership, the increase being between 200 and 300. He is popular with the members of the church, and has won a warm place in the hearts of many who are not identified with his congregation, and his departure will be generally regretted.

When he takes up his labors in San Bernardino he will succeed Rev. A. F. Roadhouse, the latter going to Pueblo, Colo. He succeeded Roadhouse here. By a strange chain of circumstances Wright has succeeded Roadhouse four times during his life as a minister of the gospel. He succeeded Roadhouse at Boydsville, Mo., Williamsburg, Mo., and Santa Ana, with San Bernardino to be added to the list on April 1.

The official board of the local church has not yet named Wright's successor, but probably will do so before the first of April.

LOCAL CLOTHING STORE MAKES IMPROVEMENTS

The Chicago Clothing Store, 207 East Fourth, is remodeling its quarters. New shelving throughout the store, a modern lighting equipment inside and out, and a fresh coat of attractive paint, are on the program. M. TRY 'CASCARETS' FOR LIVER AND BOWELS IF SICK OR BILIOUS

Tonight—Clean Your Bowels and Stop Headache, Colds, Sour Stomach

—Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.—Advertisement.

ORANGE DAY POSTERS FOR DISTRIBUTION

California Orange day posters are available to those who want them at the Chamber of Commerce or at the office of R. L. Bisby, in the Spurgeon building. A consignment for distribution here has just been received by Bisby.

The day is one in which Santa Ana and Orange county are deeply interested and business houses particularly should assist in advertising the day by displaying the posters.

Celebration of the day is becoming a national event, and big returns have already been noted as a result of previous observance of the day. Santa Ana residents are requested to assist in promoting the consumption of oranges, particularly on Orange day, March 10, by writing eastern friends advising them of the event and suggesting that they use oranges in some way during the day.

EYEBALL BRUISED BY SHOT FROM AN AIRGUN

James Stevenson, son of Rev. and Mrs. J. A. Stevenson, is not to lose his eye, as was feared when it was thought that he had a sliver in his eye. Examination by a specialist yesterday developed that what was thought to be a sliver was a blood clot in the eyeball, caused by the shot of an airgun striking it. The specialist stated that the injury was temporary.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

SPIRIT FILLED LIFE IS PASTOR'S TOPIC

Next Wednesday, February 14, Rev. G. W. Davis of Los Angeles will speak at the Immanuel Baptist Church in the afternoon at 2:30 on some phase of "The Spirit-Filled Life." In the evening at 7:30, his subject will be "The Amalgamation of the Nations a Certainty in Act but a Failure in Action."

These meetings are to be a regular feature for the deepening of the spiritual life, to be held the second Wednesday of each month, and will be open to all who care to attend, irrespective of denomination.

DITCHED AUTO FOUND, HUNTING FOR OWNER

Yesterday afternoon an automobile was found in the ditch beside the state highway between El Toro and Irvine. It was taken in charge by Under Sheriff Iman, who believed the machine had been abandoned. Its registry number, 235502, indicates that it belongs to Matthew Leiby of Los Angeles, whom the Los Angeles police are seeking that they may give him information concerning the finding of the machine.

TWO MEN OPERATED ON FOR APPENDICITIS

Robert C. Northercross of West Orange, head of the county forestry nursery, was operated upon at the Santa Ana Hospital last night for a ruptured appendix.

Yesterday morning an operation for a ruptured appendix was performed at the Santa Ana Hospital upon Claude Congdon, well-known rancher of San Juan Capistrano.

Today reports are that each of the patients is doing as well as could be expected.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

MANY PICNICKERS ENJOYING OUTINGS AT COUNTY'S PARK

ORANGE COUNTY PARK, Feb. 9.—The mid-winter month at Orange County Park was a busy season, considering the weather. Sunshiny days always brought visitors, the majority of them tourists. One day, twenty machines, representing as many different states, were here.

The green grass, the lofty oaks and sycamores and the pretty little lake were all beauty spots to the visitors. A lunch out of doors, cooked over the open fire, was a novelty for this time of year to many.

Numerous birthday suppers and family reunions were celebrated. The Seniors from Santa Ana High School one evening had a wienie bake.

Many improvements are being made in the park. Soon a lot of young oak trees are to be set out.

man's bid of \$60,000. Aside from these, Jack Kanner, who conducts the National Athletic Club in Denver, chipped in with a \$20,000 bid for a twenty-round battle between Darcy and either Jack Dillon, Billy Miske or Mike Gibbons. At the Darcy headquarters, however, it was announced that no bids under \$50,000 would be considered, and they passed out the information without smiling.

One thing is worrying the principals in their thirty-minute fortune hunt. They fear that by delaying the signing of articles to give the matchmakers a chance to bid against each other, thereby fattening up their "bit," they may miss out altogether because of the present agitation against the mitt game in New York and Minnesota.

NEGLECTED COLDS GROW WORSE
A cough that racks and irritates the throat may lead to a serious chronic cough, if neglected. The healing pine balsam in Dr. Bell's Pine Honey—Nature's own remedy—will soothe and relieve the irritation, breathing will be easier, and the antiseptic properties will kill the germ which retarded healing. Have it handy for croup, sore throat and chronic bronchial affections. Get a bottle today. Pleasant to take. At all Druggists', 25c.

DEAD POMONA MAN'S DAUGHTERS HALT HIS FUNERAL, ASK AUTOPSY

LOS ANGELES, Feb. 9.—Funeral services for the late Henry Goebel, a well-to-do ranchman of Pomona, were halted in a highly dramatic manner by the abrupt arrival of his two daughters, Miss Saule and Miss Marie Goebel, 18 and 19 years old, respectively, with a demand that the obsequies be stopped and an investigation started. The girls declared doubts that their father, who was 53 years old, died of aneurism, as the death certificate set out. Accompanied by Under Sheriff Frank G. McLain, and County Physician J. W. Callnon, of San Bernardino county, they asked for an immediate inquiry. The contents of the stomach and specimens of the other organs were removed and brought to Los Angeles to undergo examination.

An estate of \$40,000, charges of "undue influence" and a possibility of poison, figure in the statements of the daughters. The autopsy was objected to by the widow until she learned of the attitude of the daughters. Then she consented and the funeral was postponed. The widow, formerly Mrs. Alice Mortell of Los Angeles, stated to the officials that her husband had been attended by Dr. E. T. Wallace and that death had resulted from aneurism of long standing. She stated that death came January 31 and that the body had been held upon the advice of the daughters, who reside in Wisconsin.

ANIMALS HAVE TRUE FRIEND IN ASSEMBLY

SACRAMENTO, Cal. Feb. 9.—Steers, fowls, rabbits and birds have a staunch friend in Assemblyman H. J. Baldwin of San Diego, who has introduced bills for their protection.

One of the bills puts "bulldozing" of steers under the ban which now prohibits bullfights and cockfights. Bulldozing is the chief feature of the "rodos."

Another bill aims to provide humane treatment for fowls being transported in coops. The coops are to be high enough to permit the fowls to stand erect, with sufficient room to move about and would have to be so constructed and arranged that sufficient air could enter from three sides.

Coursing meets are attacked in another Baldwin bill. This variety of sport consists of releasing rabbits within an enclosure and then "sicking" dogs on them.

Yet another bill would prohibit the sale or possession of aigret and osprey plumes, thus giving the women something to worry about.

WISCONSIN PICNIC

The big winter annual all-day picnic of the Wisconsin State Association of Southern California will be held at Sycamore Grove, Saturday, February 10. Distinguished former residents of Wisconsin will give addresses.

AMUSEMENTS

At Clune's
"Chicken Casey," the new Triangle Kay Bee play, which will be seen at Clune's Theater tonight, is the latest play from the Thomas H. Ince studios, starring Dorothy Dalton.

Miss Dalton appears as an actress, Mavis Marberry, who reads a best seller by a popular author and decides that she wants to play the leading role in a dramatization of the book. The part is that of a girl of the slums. The author, having seen Miss Marberry only in very different roles, deems her unfit to play the character. The actress takes a unique way to convince him that he is wrong. Disguising herself as a girl of the type he portrays, she contrives to meet the young man in the slums, and so before him that his downfall is complete.

Charles Gunn appears opposite Miss Dalton as the author. The play is said to be replete with comedy as well as heart interest.

At the Princess
Mrs. Vernon Castle, who stars in "Patria," the International's serial of romance and patriotism, the first episode of which will be shown at the Princess Theater Sunday and Monday, February 18 and 19, is in receipt of a batch of letters from some of her husband's friends, telling of his brave work as an ensign in the British Royal Aviation Corps. Mr. and Mrs. Castle write to each other each day, but because of the infrequency of the mails, the letters usually reach their destination in large numbers.

The celebrated actor and dancer led a flight of seven monoplanes over the German lines, located Genemont and the Boville farms for the French artillery and brought back his aviators without an accident. As a result of the work of the American aviator, the French captured several salients.

While Mrs. Castle has put forth her greatest effort to make impressive and forceful the remarkable prepared play, "Patria," her husband devoted himself to fighting.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant At Once

—To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

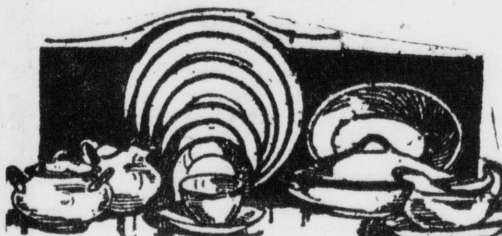

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

ATHLETICS

One of the arguments advanced for the "Saving Daylight" project is that by setting the clocks ahead in summer there would be more time after the evening meal for athletic sports. It is expected that this movement is to get quite a boost at the meeting of the United States Lawn Tennis Association, which takes place in New York next week. The president of this association is working for the plan.

The principal reason, it is argued, why the ordinary business man and mechanic does not engage in athletics is the early coming of the darkness. After one's dinner or supper, which ever the evening meal is called, the night soon comes on.

In Great Britain the long twilights make it much more practical for ordinary people to engage in sport. In the latitude of Edinburgh it is light enough to play any game until 10 p. m. during the longest days. Imagine the enormous amount of sports that would be enjoyed in this country could the light portion of the evening be lengthened.

Whether the daylight saving proposition is practical or not is another question. There are difficulties in the way. But it does seem as if working hours should be so regulated that the average man would have more of his time in summer for outdoor sports.

In a good many places recently twilight baseball leagues have been organized. They start in about 5:30 or 6 o'clock, and pretty nearly nine innings can be played for most of the summer. If people would be willing to readjust their business hours a bit, the athletic fields could be thrown open to millions of workers. The benefit to health would be enormous, and many monotonous lives would be brightened. All this could be done without any setting ahead of the clocks if people could but see the common sense of it.

GOOD TAXING PLAN

The State Tax Commission, which has been studying taxation methods and ideas for the past two years, has made its report to the Legislature. The report contains at least one suggestion which the Register can heartily endorse, and that is that taxation on household goods, workmen's tools and farm machinery be exempted, up to a certain amount (the amount representing the average holdings of a man of small means), and that incomes be taxed instead.

The central thought in the income tax plan, as a substitute for personal property taxation, lies in the endeavor to bring under taxation those persons who now contribute nothing toward the support of the state government, and yet enjoy the privileges and benefits which government affords.

"It is but elemental justice," says State Senator Lyman M. King, in his newspaper, the Redlands Facts, "that such persons be asked to carry some part of the tax burden. Professional men, for instance, are often in receipt of a large income, and yet pay less taxes than the man who has a little farm machinery and whose income is probably not one-fourth as much."

"Under this plan the laborer who has no income above that necessary for a bare existence will pay no taxes. The little business concern that is just able to keep its head above water will pay no income tax. The prosperous man and the prosperous firm will pay the greater amount of the burden, which is probably right."

"The Tax Commission in presenting the matter cites the city of Milwaukee, which has this system, and where 88 persons whose taxable incomes were less than \$1000 each paid only \$487 aggregate tax, while 139 whose taxable incomes were over \$10,000 paid \$168,000, or 95 per cent of the total."

"In short, the income tax puts the cost of government on those who are able to pay it—on the next income of a man or woman, relieving the situation as regards the small farmer, the laborer and the small businessman."

"One thing, of course, needs to be very closely watched in changing our tax system. It is the desire on the part of tax-levying officials to find some way of increasing taxes, not of lowering them. The writer has never seen a change in system that did not work more taxes out of the people, no matter what the representations made prior to the adoption of the system as to its relief in taxation. We do not want to rush into anything new; neither do we want to pass it by if it is genuinely useful."

FALLS OFF SCAFFOLD,
MAN IS BADLY HURT

Frank Pruitt, a carpenter of Orange, today fell from a scaffold at Fullerton, where he was at work upon a packing house for which A. E. Bird of Santa Ana has the contract. Pruitt fell upon his head, and was unconscious for some time. This afternoon he was conscious and there was no indication that his skull was broken.

WITH MALICE TOWARD NONE

By Henry James

Important if True
A writer for the Sunday papers, an interesting and convincing writer, tells of the time that Pavlova kissed the hand of the kaiser. Now you never would have thought that the European war could have grown out of this circumstance, would you? No? Well, the writer so affirms, and looking over the list of explanations, possibly this is as good as any.

It seems that Pavlova had, prior to this salutation, decorated her lips with an unguent, or ointment, or salve of carmine hue, designed to accentuate the beauty of the Cupid's bow, and as she deposited a chaste kiss on the hand of royalty, a smear of carmine, much resembling gore, was left on that exalted member.

The sign was observed by the kaiser. He was noticed to turn pale and otherwise display much agitation as was seemingly in the circumstances.

"Dunder wetter" and "himmel," and other things like that! What could such a symbol mean but war? What indeed? Nothing.
So there was war and is yet. And the dancer dances right along, apparently careless that she has plunged half a world into woe and given the other half the blues.
Hereafter the lady should kiss with delicate carelessness, or refrain from shedding her ornamentation.

Another Blacklist
Certain statesmen not in agreement with the president are said to have been barred from social events at the White House.

Were this true it would be the institution of another blacklist, contrary both to good manners and sound public policy.

As it isn't true, a blacklist headed

with the name of the correspondent who sent the information would fill an acutely felt want.

H. C. of L.

Women of California are doing all they can to combat the high cost of living.

That is to say, they are frankly expressing their opinion of the trebled and quadrupled prices for which they are stung right along. But they don't quit buying. That would be too radical.

Entertaining the East Side

Mrs. Vincent Astor recently gave a dinner to a lot of denizens of New York's east side.

There must have been the impulse of kindness behind such a function, and a square meal was welcome to the guests. At the same time, in so far as matters are wrong, they remain just about as they were before the event.

Feeding the Babies

Aid has been asked again for the starving little ones of Belgium.

The people of the United States have taken a great and wholly unwarranted pride in the amount of aid already sent. As a matter of cold and absolute truth, they have sent very little. A few big bank accounts have been dented slightly, but the average citizen has not let go of a nickel.

He Will Be Glad

Doubtless William Bayard Hale, correspondent, will be glad when the war is over.

He will be one of the several who will point to peace, and modestly claim to have produced it all by his lonely.

Taxation

All taxation is obnoxious to the person who has to pay it.

It is obnoxious to the poor man because he can't wriggle out of paying, and he has difficulty in convincing himself that he gets his money's worth.

It is obnoxious to the rich, for even the process of evasion is a good deal of bother, and involves some expense.

Chestnut!

"Death Blamed on Driver of Auto." Almost daily headline.

And then what? Nothing. There are fatal automobile accidents every day, almost invariably the result of carelessness, but unless the author of the carelessness gets his right on the spot, he never gets it.

Only recently an automobile in the suburbs of Los Angeles dashed into a standing street car, killing four passengers of the lighter vehicle. The driver escaped, and walked away from there. He must have walked rather rapidly, for nobody has overtaken him yet.

Down in Mexico

Mexico is a land of mystery. From careful reading of all the news that comes from that direction, I am persuaded that some turmoil is occurring there. Who is causing it, and what it is about, nobody seems to know. Persons who have gone there to study the situation seem to return with their store of ignorance greatly augmented.

VILLA PARK RANCH
TEN ACRES IS SOLD

G. G. Williamson has sold a ten acre ranch of lemons and Valencia oranges at Villa Park to Louis Nyssen, who will at once take possession. This is known to be one of the nicest home places in the Villa Park section. The ranch has good buildings and is in the trostless belt.

The sale was made through the firm of Wells & Warner, real estate dealers of Santa Ana.

Pleasant Afternoon's Entertainment at Home of Mrs. G. B. Darnell Yesterday

At the meeting of the O. P. Q. Club yesterday afternoon at the home of Mrs. G. B. Darnell, Mrs. D. B. Horton and her new baby were given a hearty welcome.

The home was gay with Valentine decorations and the afternoon hours slipped swiftly away with fancy work and social conversation.

Dainty refreshments were served on a table centered with glowing red roses, and the place cards were valentines.

Those present were Meses. Frank Cannon, W. A. Lowman, Harry Lash, Johnson, D. B. Horton, Charles Mitchell, Charles Winans and H. O. Garlock.

Pomona Glee Club Coming

A concert of unusual merit is scheduled for the United Presbyterian Church next Monday evening, when the Pomona Glee Club, now on its twenty-fifth annual concert tour, appears under the auspices of the Christian Endeavor Society of the local church.

This club has appeared in Santa Ana many times in the past and has never disappointed its hearers. Like the traditional circus poster, the club is advertised this year as "bigger and better than ever before," the reason for this fact no doubt being that a much more extended tour, including a trip as far east as Kansas City is being arranged for the club.

The usual life and sparkle of College Glee Club music will be in evidence, and a big variety of specialty numbers, including some first-class feats of magic, will be shown.

Cooked Food Sale

The Sunshine Society will hold a cooked food sale tomorrow in the real estate office of J. G. Quick, corner of Fifth and Main streets. All kinds of good things to eat will be on sale.

JOLLY TIME ON RANCH

Mrs. Frank Tedford's Home On North Main Invaded By Party Children

The ranch home of Mrs. Frank Tedford on North Main street was an ideal spot yesterday for a children's party, as the members of the party were free to enjoy all the hilarity possible and not disturb the neighbors.

The guests, who in everyday life are dignified matrons, plan to organize into a club and at the next meeting, when they are grown-up they will name the club. All but three of the members were present yesterday, two being in male attire.

The children enjoyed a trip about the ranch and Miss Dora Lohrer of Iowa, picked her first orange from a tree.

The home was fragrant with hyacinths and violets and the afternoon was passed with needlework and chat. The refreshments, always dear to childish hearts, were animal crackers, candy hearts, candies with prizes and milk and water served in tin cups.

Those participating in yesterday's fun were Goldie Stroud, Louise Shugeld, Lena Robertson, Hannah Huatington, Ethel Jackson, Lizzie McKee, Dora Webb and Helen Tedford.

HIGH LIVING COST

Congregational Men's Brotherhood Enjoys Banquet and Excellent Talks

The February meeting of the Men's Brotherhood of the Congregational Church was held Wednesday night at the parlors of the church and the banquet was served by the Ladies' Aid Society.

In a few well-chosen remarks, President J. A. Cranston placed before the meeting the live subject of "The High Cost of Living." It was entered into by all present, and a number of speeches were made bearing on this most vital question. The majority of the speakers placed the cause of the high cost of living to war in Europe, while others contended it was caused by shortage in production, showing that the production of breadstuffs and cereals for the years of 1915 and 1916 was only from 70 to 75 per cent of the usual crop, and meats had also fallen far below normal.

After taking up these conditions which seem most vital to all, the remedy came in for its part of the discussion, and in general it was decided that a large part of the cause was due to our everyday wastefulness and extravagance.

The second topic for discussion introduced by the president was, "What definite work in the church can the men do?"

Rev. P. F. Schrock mentioned several departments of the church in which men were needed for special work, and many suggestions for helpfulness were offered by the members of the Brotherhood.

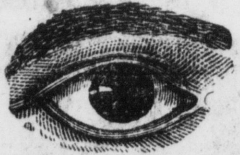

State Chairman to Be Here

The Music Section of the Ebell will meet next Monday at 2:30 p. m. with Mrs. T. A. Winbiger, Mrs. Freeman, the state chairman of music, will be present and each member is privileged to take a guest to meet Mrs. Freeman. Mrs. Freeman will give some of her original bird calls, which have been used by Mrs. H. H. Beach in her songs, and will make a delightful addition to the program.

Informal Dinner Party

Miss Rosa Boyd and Dr. J. P. Boyd entertained a small company of friends at a delightfully informal dinner party last evening at their North Main street home, covers being laid for nine. Tones of yellow and brown entered into the decorative scheme.

The evening was passed with auction bridge, the trophies going to Mrs. J. S. Roberts and Sherman Stevens.

PATRIOTIC PROGRAM

McKinley P. T. A. Yesterday Hears Talk On "Patriotism;" Appropriate Music

Yesterday afternoon, the McKinley P. T. A. held another of its excellent meetings, about sixty-five of the mothers being present and on taking a count it was found that the Peace Flag would be awarded to Miss Eunice Bauers' room or the 3B class.

During the interesting business session, reports of the different committees were read and accepted. Mrs. J. W. Sackman gave a detailed report of the meeting of the Fourth District Congress of Mothers held on the 13th of last month at La Habra, she having attended as delegate from the McKinley Association.

It was also reported that \$5.85 had been sent to the Children's Seaside Home at Huntington Beach. This money was collected from the children of the school, they having been asked to donate their pennies that they so often spend for "candy suckers" on the way to school, and the response was generous and unanimous. Mrs. F. D. Drake, president of the Association, told of a recent visit to this home, when she was accompanied by the secretary Mrs. W. Vierra, and brought to the association a pleasing report and information in regard thereto.

Mrs. Ulrich, on account of expected absence from the city, tendered her resignation as vice-president of the association, which was accepted and Mrs. Roe was duly elected to fill the vacancy.

The program was entirely patriotic, being composed of a medley of national and patriotic airs and songs and the Flag Salute. All joined in singing "The Star Spangled Banner," "Battle Hymn of Freedom," and "Marching Through Georgia," "My Maryland" and "Dixie Land" were given as musical numbers.

It is useless to try to express the worth of the talk on "Patriotism" given by Mrs. Emma Hart Barnes. Her points were so well taken, and given with such hearty earnestness that they made direct impression on her listeners and gave plenty of food for thought for the mothers of this coming generation. In opening, she described her subject as being "as wide as the world, as high as the stars, and as deep as the ocean." She made it very clear that "He would serve his country best, who serves his neighbor well." True civic citizenship is the first requisite of true patriotism and every one who would be truly patriotic must see to it to make it easy for every one else to be good.

Respect the rights of others and you may be certain that yours will be respected." She urged that we teach our children at our knees, our national songs and all that pertains to our flag and country, that they may know it and love it because they know it. Forget party, and stand as one, for country above all. Her words ring true, when we stop to think that in a large assembly, a large per cent of Americans do not know the salute to our flag and do not rise when our national hymn is being sung or played or are too indifferent to do so. She closed her talk with quotations being given by different members of the association, from some of the great men of our time, as regards Patriotism, including Daniel Webster, Hallock, Alexander Pope, Henry Ward Beecher, McAuley, Clough, Thomas Kuiper, and Scott.

Prof. J. A. Cranston being present brought a few words of greeting in his usual manner, and was much appreciated, and after all joining in singing "America," meeting adjourned for the social hour, during which delicious cocoa, sandwiches and wafers were served and much enjoyed. Miss Bauers of the 3B class with the mothers of her grade were the hostesses to which thanks are due for the very pleasant afternoon.

Sang in San Bernardino

Mr. and Mrs. Samuel W. Nau and Mrs. James S. Rice of Tustin motored to San Bernardino yesterday and were overnight guests of Mr. and Mrs. Henry G. Nau. Mrs. Rice sang at the Catholic bazaar yesterday evening.

Mr. and Mrs. H. G. Nau, Mr. and Mrs. S. W. Nau and Mrs. Rice were guests of Mr. and Mrs. Wood at dinner preceding the bazaar. The party returned today.

Celebrated Tin Wedding

Mrs. Emma Hubbard of 420 East Fifth street has received a paper containing an interesting account of the celebration of the tin wedding anniversary of her son, Elwin A. Hubbard, and his wife, in Brooklyn, N. Y. Mr. Hubbard has been in the east three years and is the manager of the Subway Traction Company.

Football Banquet

Coach Stewart Smith, or "Shorty" as he is familiarly called, was host at a delightful football dinner on Wednesday evening at the Rossmore cafe, covers being laid for twenty, including Principal of the School D. K. Hammond and Coach Walter Hall.

All of the second team was present, which pleased the coaches. Dinner was served at 7 o'clock and following

the oyster soup could not have been beaten by any chef in the land. Nothing marred the pleasure of the evening except the absence of our Worthy President and Chaplain, who were unavoidably detained.

The meeting was presided over by the state manager, I. E. Lee.

Ladies' Aid Does Good Work

The Ladies' Aid Society of the First Presbyterian Church met Wednesday afternoon. After devotionals conducted by Mrs. Elder and routine business, a letter was read from the president of the Federated Aid Society of Los Angeles Presbytery, requesting that delegates be elected to attend the annual meeting to be held Tuesday,

Men Who Make Clothing Cost More

THE millions of fighting men of Europe are wearing part of the wool which ordinarily goes into your clothes, and their garments are burned every few weeks for sanitary reasons. This has caused an alarming shortage of wool in the world. England has placed an embargo on all wool besides buying millions of dollars' worth of wool and woolsens from America. The George Mabbett & Sons Company, Plymouth, Mass., have closed down their woolen mills because they are unable to get Australian wool.

Woolen fabrics for men's suits and overcoats are up all the way from 50% to 75%. The cost of linings, canvas, thread, buttons and labor has advanced alarmingly. And the end is not in sight. Experts say that prices will continue to rise for at least another year—war or no war—and you may as well make up your mind right now to pay 25 to 35 per cent more for your clothes next Summer and Winter.

Fifteen months ago, when the present shortage of wool and materials first began to be foreseen, yet before prices had advanced to any great extent, we placed enormous orders and contracted with mills and clothing manufacturers for our stock for this season.

These early orders and our willingness to shoulder part of the increased cost ourselves, enable us to announce that 70 per cent of our clothing stock on hand today is just the same quality and at just the same prices as before.

For instance, we are selling just the same quality of blue serge suits at \$18 and \$20 as we sold three years ago. The wholesale price today is practically what we are asking for these goods.

All through our stock the same advances have taken place but our prices are being based on what we paid for them instead of what the manufacturers today are asking.

So, under these conditions, you'll not be surprised to learn that we shall omit our customary mark-down sale at this time of the year, and we advise readers of this to buy their future needs as soon as possible, whether they buy at this store or at their customary trading place.

In all fairness we want to say that nearly every other store in Santa Ana in our line has pursued the same policy we have. That is why Santa Ana is today the most advantageous trading center for the people in Southern California.

VANDERMAST & SON
THE HOME OF GOOD CLOTHING FOR MEN AND BOYS

the full appreciation of the substantial menu, encouraging speeches were made by the two coaches and by Prof. Hammond. The boys of the second team were highly complimented for their sticktiveness as they were out for duty during the whole school term and did good-consistent work.

The merry company attended Clune's Theater after dinner.

Those present were: Larue, Kain, Keeney, Morrill Bros., Neah, Winans, Johnson, Smith, Horton, Poyet, Cole, Elson, Boyce, Roehm, Plavan.

Elects Officers
At its last regular meeting of the Amacidian Y. M. C. A. Club Tuesday the following officers were elected for the following year:

President, Mark Keeney; vice president, Harold Lee; secretary, Ralph Friend; treasurer, Fred Lewis; reporter, Donald Jerome; captain of indoor, Howard Johnston; captain of track, Donald Jayne.

Adjournment was then taken to a table covered with sumptuous refreshments. "Shorty" Smith, the leader of the club, was seated at the head of the table. The refreshments served were sandwiches, olives, cookies, fruits, cake and pie.

The club decided to have exercises and indoor sports led by Smith at every meeting.

Fraternal Aid Union
On Wednesday evening, the Fraternal Aid Union had another of its splendid meetings. After the regular meeting of the lodge, the members enjoyed a social good time.

It had been decided at a previous meeting that the committees on entertainment for the year should be chosen alphabetically among the members, in this manner giving all members of the order a chance to display their ability as hostesses.

The committee in charge of the evening consisted of the A's and B's. Mr. and Mrs. J. E. Armstrong and Mr. and Mrs. R. J. Brown have set the standard and now it is up to the rest to make good.

Games were enjoyed in the earlier part of the evening and later refreshments were served in the dining room. The tables were decorated in red and green and mischievous kewpies kept watch over all during the evening. Small red hearts were used for place cards, reminding that St. Valentine was near.

The oyster soup could not have been beaten by any chef in the land. Nothing marred the pleasure of the evening except the absence of our Worthy President and Chaplain, who were unavoidably detained.

The meeting was presided over by the state manager, I. E. Lee.

Ladies' Aid Does Good Work
The Ladies' Aid Society of the First Presbyterian Church met Wednesday afternoon. After devotionals conducted by Mrs. Elder and routine business, a letter was read from the president of the Federated Aid Society of Los Angeles Presbytery, requesting that delegates be elected to attend the annual meeting to be held Tuesday,

March 6, at the Immanuel Presbyterian Church, corner Tenth and Figueroa streets, Los Angeles. Attention was called to the special benevolent work, as last year over 2000 persons were cared for by the relief fund.

As the ladies had pledged a goodly sum toward helping lift the church in debt, ways and means were discussed to make money. For one thing it was decided to collect newspapers and magazines. Members of the church and congregation are invited to cooperate with the Aid Society in saving and disposing of old papers and magazines. The president, Mrs. Morrison, will be glad to furnish any information wanted in regard to this matter.

Plans for the Colonial supper and program are well under way and all attending may feel assured of having a good supper and an enjoyable evening's entertainment. Remember the date—Tuesday evening, February 20. A lady demonstrator served cake and tea at the close of the business session. After partaking of the dainty refreshments a rising vote of thanks was given the lady, to which she graciously responded by giving the recipe for the cake she served.

As this is the season for electing officers for the coming year's work, the society held its primary election, the regular annual election to follow at the March meeting.

Pele's Hair
Dr. and Mrs. L. L. Whitson have received a peculiar souvenir from Mount Pele, sent by Mrs. Whitson's brother, Carl S. Smith, who lives at Hilo, Hawaiian Islands.

A party visited the volcano and the peculiar action of the wind upon the lava made a fine substance like hair, which was gathered by the visitors and a small box sent here.

Wienie Bake at Laguna
The Santa Ana Steam Laundry girls and their escorts will enjoy a wienie bake tonight at Laguna Beach. All employees are invited. Games will be played and a good time enjoyed.

Miss Withrow in Recital
On Monday at 3:30 p. m. Miss Zelilah Withrow will give a free recital at M. W. A. hall.

The program will consist of humorous readings and whistling solos. The public is cordially invited.

Plans Unique Contest
The Fraternal Brotherhood held a very interesting meeting Thursday evening in Woodman hall. Plans were perfected for a unique campaign. The attending membership was divided into three sides to be known, respectively, as Crows, Owls and Frogs. The losing side is to prepare and serve a banquet at the close of the contest.

Miss Morrison was chosen as captain of the Crows, Mrs. Myrtle Ballard of the Owls and Miss Theona Lovelady is to keep the Frogs swimming.

F. A. Rogers, district manager, gave a very interesting talk in regard to the newly-elected supreme officers and spoke in words of highest praise

CRAVATH CAPTURES KIDNAPPER, FINDS GIRL FOR FATHER

Three Warrants Are Issued Charging Violations In Traffic Rules

Trinidad Almanzo, aged 21, wishes he had never loved and run away with Theresa Garcia, aged 14, for Trinidad is now in jail. It was on the day after Christmas that Trinidad stood outside of Theresa's home near Huntington Beach, and whistled a signal. Theresa left the dishes in the pan, and went away with Trinidad, and the next day a warrant was issued for Trinidad's arrest on a charge of kidnapping.

Yesterday Deputy Sheriff Cravath went to Oceanside with the girl's father, and finally located Trinidad at Carlsbad, and late last night the girl was found at the home of friends near Oceanside. The girl was overjoyed when she saw her father.

WITHHOLD PASSING OF SENTENCE FOR NEXT TWO YEARS

Earl Dutton Expects to Fight For Children When Divorce Case Is Heard

This morning when Earl Dutton of Anaheim was before Judge West for judgment upon the verdict of the jury that found him guilty of failure to provide for his minor children, the judge stated that sentence would be withheld for two years. In the meantime, Dutton is to pay \$30 a month for the support of his minor children. It was stated in court that when the Dutton divorce action comes up for hearing, Dutton will make a fight for the custody of the children.

For Citizenship
A petition for final papers of naturalization has been filed by Martin Theodore Fischer, a farmer of Anaheim. Fischer was born in Saxony, Germany, in 1874 and came to America in 1892. He has six children whose citizenship will follow their father's. O. T. Calor and J. M. Backs are witnesses who have known Fischer for five years.

Second Complaint
An amended complaint for divorce was filed yesterday by Attorneys H. C. Head and S. M. Reinhaus for Marie Vrydagh against Jupiter G. Vrydagh, alleged in the complaint to have property worth \$75,000. The couple married in Chicago, Ill., on June 21, 1916.

STOP CATARRH! OPEN NOSTRILS AND HEAD
Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—Advertisement.

MYSTERY WOMAN KILLS SELF AT LONG BEACH

LONG BEACH, Feb. 9.—An unidentified woman, apparently in ill-health, jumped from the end of the Campbell pier here and committed suicide. Indications are that she had also swallowed poison before leaping to her death.

Pleasure seekers on the pier noticed the woman's act, but before help could be secured she had drowned. A bather swam out through the breakers, tied a rope around the body and pulled it in.

The victim is apparently from Pasadena, as a return trip ticket to the Crown City, dated today, was found in a pocketbook in her coat pocket, together with a silver dollar and a 1-cent piece.

Apparently about 35 years old, the woman was dressed in a long gray coat, blue flannel waist, red overskirt two pairs of hose, two suits of underwear and four corset covers.

She is five feet nine inches in height, has chestnut hair and two lower gold-crowned teeth.

ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours

—Relief comes instantly.
A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Advertisement.

RIVERSIDE MOVES TO ESTABLISH NATIONAL PARK IN MOUNTAINS

RIVERSIDE, Feb. 9.—A movement looking to the formation of a national park, to comprise Palm Springs Canyon, Andreas Canyon and Cathedral Canyon, with their natural palm groves, and the equally romantic San Jacinto mountain country, was launched by the Board of Supervisors.

A preliminary appropriation of \$50 for the purpose of securing photographs of this interesting portion of Riverside county was made by the board, following an eloquent presentation by County Superintendent of Schools Raymond Cree of the importance of inaugurating such a movement.

The Santa Rosa Indian reservation is included in the proposed park, the formation of which is urged for the reason that the rare palm groves and numerous priceless relics of this section need federal protection from vandalism that has already played sad havoc in this unique corner of the world.

SANTA ANA DAILY REGISTER, FRIDAY EVENING, FEBRUARY 9, 1917.

INDUSTRIAL FUND CAMPAIGN AN ACHIEVEMENT OF 1916 IS DECLARED IN THE REPORT

The annual report of the Santa Ana Chamber of Commerce, made by Secretary J. C. Metzgar to the directors, Wednesday evening, follows:

Any attempt to cover in detail the constantly increasing activities of the Chamber would require space and time not available and would be impracticable.

The report, therefore, must of necessity be confined in general character and scope, to the more important activities and services of the body. That the Santa Ana Chamber of Commerce continues to be "an organization for the man who believes in himself and his town," is more evident as each year's efforts prove more efficient and the community problems are met with ever-increasing enthusiasm and determination to improve conditions. In the past people were individualists, today people are co-operators, and communities are learning that each one working individually to solve and improve conditions, cannot begin to accomplish as much as unity of action through a central organization.

By Co-operation

In something less than prehistoric times organization efforts were based upon selfishness to such an extent that individuals had to be shown what they could get out of it. In modern times active co-operation has taught us that to promote the interests of the community is to promote self interests automatically, and the co-operand receives not only what he puts into it, but what all other supporters put into it.

Individual efforts to promote the welfare and civic betterment of Santa Ana, notwithstanding isolated examples of narrow self interests, have given way to well organized progressive efficiency that is securing results which indicate that Santa Ana is on the verge of increased activities that will bring prosperity in plenty and

prove to all that community preparedness is well worth while.

The following references to the activities of your directors and committees is an attempt to briefly outline their untiring work in the interest of the city and surrounding country.

Principal Achievements

The past year witnessed the consummation of two accomplishments which stand out as most important and loudly proclaim to the world that Santa Ana's progressive citizens are awake to their opportunities, fully realizing that cities do not grow of themselves, but are built by the citizen.

First—The campaign initiated and waged by the Chamber for an ornamental lighting system was successful and in June this accomplishment was celebrated with the novel "Fiesta de Luz," when Santa Ana was host to the largest number of people in the history of the city.

Second—The successful conduct of an intensive campaign to finance an industrial fund for the purpose of locating legitimate manufacturing enterprises that will furnish work for our people, increase business for our merchants and professional men and women and increase property values.

This campaign was conducted during a part of December which was the last month of the year under review—it therefore is not a matter of fact concluded within the period covered by this report, but it is highly gratifying to direct your attention to the fact, that the present result surpassed the goal of \$50,000 which had been set. The subscriptions to date total some \$85,000 and a strong committee has been appointed to continue to augment the fund from time to time in an effort to increase it to at least \$100,000.00.

Woolen Mill

Third—The first result of this industrial movement is the location of a woolen mill that will in all probability be in operation by midsummer. In directing this movement, the city administration, the Merchants' & Manufacturers' Association and the ever loyal press actively co-operated with the Chamber, with the result that while expectations were more than realized, many optimistically inclined, implicitly believe that a much larger industrial fund would be comparatively easy to secure. The position taken is sound as only 285 persons and firms have financed the fund, leaving a much greater number of Santa Ana people who would undoubtedly like to have an opportunity to assist in building an industrial Santa Ana.

The strategic position of the community should be taken advantage of. Immediately adjoining lies Newport Harbor, a distinct advantage; ample transportation facilities include the splendid highway system, one of the most important assets from a transportation standpoint; fuel and power

advantages, Orange County natural gas at prices most attractive to industrial enterprises; working conditions, too, are ideal from every conceivable viewpoint; our location near a large city is also advantageous from an industrial standpoint, as many important concerns are seeking locations away from the many annoying conditions found in the larger city. Many of the so-called manufacturing cities of the east have but small industrial expansion within their corporate limits. They are executive headquarters, it is true, but the real manufacturing is in contiguous territory fifteen to fifty miles surrounding.

Now is the Time

There are many industrial enterprises Santa Ana might interest itself in to its advantage and profit. The community requires continued co-operative effort to interest industries, men and active money. The United States is enjoying a great era of prosperity, although somewhat unbalanced, but conditions are so favorable that the Pacific Coast generally, and Santa Ana in particular, should avail itself of the opportunities presented and endeavor rapidly toward industrial expansion. Now is the time for united, vigilant and aggressive action. The "noise" made in the establishment of our industrial fund is being heard around the world. Sufficient communications relative thereto have been received to warrant this conclusion.

We may justly be proud of our accomplishments as a public service body, but should also be aware that Santa Ana requires much more of us than has heretofore been attempted. After all, Santa Ana is our city. It is the largest business enterprise with which we are identified. We should be active in the shaping of its present and future welfare and constantly endeavor to make it a better city in which to live and do business.

List of Activities

Further activities of your board of directors include the endorsement of the following:

Annexation by purchase of Lower California.

Adequate and efficient military and naval plans.

Bonds for Orange County bridges and approaches.

Grammar school and auditorium bonds.

Federal automobile road to Mt. Whitney.

Federal postoffice building for Santa Ana.

Newlands-Brussard River Control Bill.

Children's Home Society of California.

Arbitration of controversies of the Railroad Companies and their employees by the Interstate Commerce Commission.

State Good Roads Bond issue for \$15,000,000.

The selection of an Orange County man for Tariff Commissioner.

Inauguration of a movement to secure a union depot, which may possibly result in a railroad improvement of some magnitude; also endeavored to secure an annual tractor demonstration, which is, in a measure a substitute for a county fair. The California Cattle Company was located during the year, and is one of the factors in a busier Santa Ana. Assisted in the securing of guard rails at several important street intersections of the Pacific Electric Railway Company.

Six additional road signs pointing

toward Santa Ana were installed, making a total of eighteen such signs, which are a convenience to the traveling public and an advertisement for the city. Petitioned the State Highway Commission to place shoulders on the state road southeast of Tustin. Temporary improvements were made until funds were available for permanent work.

United States Chamber of Commerce referendums to the number of six were acted upon. In addition to the directors' deliberations, the referendums were investigated by your legislative committee.

Manufacturing and hotel propositions consumed much time. Freight rates, public improvements of various kinds and other matters too numerous to mention required the attention of your directors and committees.

Many visitors were entertained, among them the Pacific Coast Fire Chiefs' Association, the Santa Fe Railway Company's Farmers' Special, two meetings of the Los Angeles, Orange, Riverside and San Bernardino Counties Secretaries' Association, the Pacific Coast Laundrymen's Association, Methodist Episcopal Church Conference and California Congress of Mothers. Numerous small parties of tourists and home-seekers were given automobile trips through the principal parts of the county. The members of Company L were fittingly welcomed home and banqueted.

Public Service Extraordinary

The decision to give the public the benefit of investigations of promotion schemes was considered advisable in view of the fact that promoters of many worthless schemes are with us always, and making promises of enormous returns interest many investors by misrepresentations. The community will profit by this plan and citizens should immediately report all offers of stocks, etc. The Chamber will investigate without prejudice and keep the results on file for the inspection of those interested. If this offer is taken advantage of, much money and many anxious hours will be saved to many people. The Chamber has facilities for investigating through other like bodies, financial institutions, etc. all over the United States and Canada.

This service is especially for the use of inexperienced investors and is without cost to local residents. All requests for report will be considered confidential, and all citizens should co-operate to rid the community of

such financial parasites who menace the incomes of many who lack business experience and who can ill afford a monetary loss.

The board of directors held twenty-four meetings, and various committees met thirty-seven times. These meetings were all held in the interest of Santa Ana and vicinity. The very best efforts of the men comprising the board and committees have been given freely and gladly to the profit and betterment of the community.

During the year just closed seven loyal and true members were lost by death, as follows: Messrs. D. Hal-laday, D. E. Prall, J. A. Willson, L. R. Metzgar, Fred W. Winslow, C. F. Crose and H. T. Rutherford. These members were too well known to occasion any but brief reference of regret that they are lost to a community that needed them and appreciated their earnest and able efforts in community upbuilding.

Contributions to the exhibit numbered one hundred and fourteen, and it is these men and women, who by their thoughtfulness, keep the product exhibit renewed with the many fancy fruits and vegetables for which Orange County is famous. Their time and work is appreciated to the fullest extent and a continuance of their kindness is earnestly solicited.

The Santa Ana Chamber of Commerce has served twenty-eight years of organized co-operative efficiency in the interest of Santa Ana and Orange County. The various boards of directors, the committees and the membership have included those men who had the best interest of the community at heart, and they have put forth their best efforts in behalf of the permanent upbuilding of a community in which they are entitled to take just pride. The future of such an organization as this, founded in the interest of community betterment and continued through many years of active public welfare service, depends upon the interest, enthusiasm and co-operation of the city's progressive citizenship who as members comprise the organization.

The year just closed was distinctive in the history of the Chamber, in that a new departure was effected in the creation of a fund for industrial expansion. Evidence of enthusiastic co-operation was apparent in the intensive campaign that resulted in handing together some three hundred people who were eager to assist their city's business prospects. Practically every member, who was invited to serve upon the working committees to consummate the campaign, accepted the responsibility and worked faithfully. In connection therewith it is a pleasure to record the loyalty of the committees who were largely responsible for the accomplishment of the fund.

Aid is Received

The thanks of every citizen is due those liberal automobile owners, who placed their cars at the disposal of the Chamber on the occasion of visiting conventions, excursions and various smaller parties, who are enabled by this generosity to see Orange County as it really is. This is a certain and sure method of locating home-seekers, and many are so favorably impressed that they hasten to return to make their homes here.

The Chamber and community are especially indebted to the enterprising newspapers of the city, who loyally support the things for which a progressive community stands. They

are the Chamber's very efficient publicity aids and their co-operation is appreciated to the utmost.

The Santa Ana Chamber of Commerce now enters upon the duties of a new year; while it has not been able to accomplish many desirable things it had hoped to, the foregoing report is replete with activities beneficial to the city. It has the organization, the machinery to do constructive work. It is not an organization to be used by any man, any part of the city or any certain portion of the populace. It must continue to maintain a policy of doing things which are for the greatest good of the greatest number.

The Chamber needs more members. Every man in Santa Ana should belong, for it is working for all and getting results that benefit all. In this day and age of large accomplishments, co-operation is most important. As individuals alone and unaided, we cannot expect to do much, but as a strong co-operative organization, we can go far and accomplish many things of real and lasting value.

Its Activities

The activities of your Chamber include many and varied duties. Efficient public service in all its branches is the intent and aim of your board and the officers. Following is a partial list of what the organization can and does do as efficiently as is possible with the present resources and equipment:

Collects authentic data and answers all inquiries with adequate information of all Orange County without fear or favor.

Maintains splendid exhibit of products and general information bureau.

Circulates printed publicity matter. Endeavors to locate permanent residents and capital.

Protects the public against unworthy schemes, such as fraudulent stock sales, etc.

Co-operates with the authorities in matters pertaining to public improvements, health, streets, roads, etc.

Receives and handles complaints. Acts as official host to visitors.

Stimulates business interests.

Works for an attractive and cleaner Santa Ana.

Earnestly seeks co-operation with nearby communities.

Keeps in touch with legislation affecting city and county.

Works toward better transportation facilities.

Keeps Santa Ana before other communities, special days, etc.

Distributes maps and literature to tourists and motorists.

These are only some of the things your Chamber of Commerce is doing. Space and lack of time preclude listing others of equal importance. The public can assist in its success by co-operative work. It should be the duty of every citizen to report to the Chamber matters which appear to be detrimental to the best interests of the city. It is the duty of members to see to it that their neighbors and friends are enlisted, and work in unison for Santa Ana. It will be an investment of time and money that will pay big dividends, for whatever is good for Santa Ana is good for every citizen in the community.

Spend at Home

It is also an investment for every citizen in Santa Ana to support local industries whenever possible. Every dollar spent at home is a dollar invested by the spender.

Among the chief assets of Orange County in general and Santa Ana in

particular is Newport Harbor. It is worthy of our active support. Likewise the Orange County Country Club should be considered one of the chief assets of the entire county.

In connection with a tourist hotel, which by the way we expect to materialize before another year has gone by, the Country Club will assist in attracting many wealthy visitors and induce them to remain in Santa Ana. It is, therefore, worthy of support and the membership should be increased substantially.

It is generally conceded that a hotel suitable for the tourist of means will pay as an investment. Santa Ana has the climate, the attractive drives and many other alluring features that will bring people within its confines if the proper accommodations are provided.

Submitted with the approval of the board of directors.

J. C. METZGAR, Secretary.

POLY INTEREST IN LAST LEAGUE DEBATE HIGH

Interest has been aroused to a high pitch out at Poly over tonight's debate with Pomona High School at Intermediate. Unless the unexpected happens this will be Santa Ana's last league encounter of the present season and debating enthusiasts at the school are desirous of pulling a large crowd to hear the discussion. The question for debate, given out by the Southwestern League, is "Admitting the feasibility of actual purchase,Resolved that government ownership of all interstate railways would be in the best interests of the people of the United States, constitutionality waived."

The local school will uphold the affirmative of the argument here at home, while at Pasadena they will take the opposite view of the question. Eugene Trago, president of the student body, and Alverda West will represent Santa Ana here with Fred Perry and Fern Hill meeting Pasadena.

It is hoped a goodly number of townspeople, as well as students, will be able to turn out for this last debate of the year. Price of admission has been announced by Joe Monroe, manager of debating, as only 10 cents.

Santa Ana's ball squad was scheduled to open its regular season this afternoon when they took on Intermediate on the high school grounds.

"Shorty" Smith, baseball coach, planned to use a great many substitutes so that every fellow that has reported regularly for practice was guaranteed a trial.

TALK METHODS TO BE CHANGED BY OFFICIALS

SAN FRANCISCO, Feb. 9.—Timothy A. Reardon, president of the Board of Public Works, today announced his intention of reconstructing his methods of conversation.

"People don't understand me half the time," he complained. "You see, I'm a nut on slang. I learned it in the old Union Iron Works days. Take it from me, kid, I've got to cut it out."

WHAT IS URIC ACID?

Does Uric Acid Cause Backache, Rheumatism and Kidney Trouble?

Dear Dr. Pierce:—What is Uric Acid? Does it cause kidney trouble? Not long ago I was examined for insurance and an analysis of the kidney secretions showed an excess of Uric Acid.

I suffer from backache, and rheumatism in my limbs, but never before suspected my kidneys. I recognize you as an authority on these subjects, and wish you would give me this information.

Lewis R., My dear Sir: Answering your letter, Uric Acid indicates poisoning of the system; it is also associated with several other poisons and forms painful irritants in the walls of the joints, nerves and muscles. Everyone has Uric Acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys being the filters of the blood are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the poisonous Uric Acid and its associated poisons contaminate the blood, causing backache, lumbago, rheumatism, dropsy, drowsy and tired, worn-out feeling, short breath and many other symptoms.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with "An-Uric" with proper diet and exercise. This prescription has been thoroughly tested and used by specialists at my institution, in Buffalo, N. Y., with satisfactory results, and astonishing relief.

I recently put "An-Uric" before the American people and it may now be obtained from almost any one of the leading druggists in town, simply by asking for Dr. Pierce's "An-Uric," in tablet form.

Take good medical advice, and do not let deadly Bright's Disease or Diabetic develop from neglected kidneys.

LINN FAMILY IS MOVING TO MERCED

People of Community Are to Meet Pupils of School in Spelling Match

WESTMINSTER, Feb. 9.—A. G. Linn left Saturday for Merced, with the caravan of household goods and stock which he loaded Thursday and Friday. Mrs. Linn and the children went to Long Beach to visit the family of C. D. Linn Saturday and Sunday, taking the night train for their new home. The children expected to enter school Tuesday morning, missing only one day in making the change of residence.

The family lived in this vicinity for eight or nine years and will be greatly missed in school circles.

Five of the children graduated from the grammar school and three were still pupils. George and Frank Linn are students at Stanford, and Miss Helen Linn is at the Los Angeles Normal, having spent two years at Pomona College. All three were graduates of the Huntington Beach high school, where Misses Ruth and Naomi Linn were attending up to the time of leaving.

H. R. Hansen and family moved Monday to their new home, formerly owned by A. G. Linn.

It is to be hoped that the people of this community have been studying their spelling books the past week in order to accept the challenge of the grammar school with credit to themselves Friday night.

Mr. and Mrs. J. P. Weinschenk and Miss Fay Weinschenk were entertained at dinner Saturday at the home of Mr. and Mrs. E. Probert, Huntington Beach.

Mrs. M. L. True, who is a guest of her niece, Mrs. Thos. Hosack, went Saturday to Orange to visit an old friend, Mrs. Samuel Amor. Mrs. True and Mrs. Amor attended Oberlin College together years ago.

Merton Hosack made a business trip to Los Angeles Wednesday.

The Christian Endeavor social held Friday evening at the home of the president, Miss Laura Thompson, on Friday evening, was well attended. Games occupied the greater part of the evening and later refreshments of hams, waffles and cocoa were served. All joined in singing familiar songs and the evening was closed with prayer.

Mr. and Mrs. Frank Winton of Los Angeles spent Saturday and Sunday at the home of J. H. Walton.

Mr. and Mrs. H. Frost returned the last of the week from Santa Ana, where they visited Chas. Frost and family.

Mr. and Mrs. Clyde Day moved Tuesday to Wintersburg.

L. Fuller and family, who have been living north of town, moved to Fullerton on Saturday.

The Ladies' Missionary Society of the M. E. Church held its regular meeting Thursday at the home of Mrs. H. Frost.

John Pope of Talbert, accompanied by his sister, Mrs. J. H. Walton of this place, went to Long Beach Tuesday to visit their parents, Mr. and Mrs. Henry Pope, who are recovering from an attack of the grip.

H. Penhall sold ten cows to Frank Merkel of Long Beach the first of the week.

Perle Glass and family of Corona, Miss Bertha Dickey and H. E. Hunt and family of Anaheim, were dinner guests Sunday at the home of Mrs. Eva Dickey. Miss Bertha Dickey returned to Corona with her sister, Mrs. Glass.

Mr. and Mrs. Albert Harris of Whittier visited with Mr. and Mrs. James McFadden on Friday.

Mr. and Mrs. Hughes were guests of Mrs. Hughes' twin brother, Albert Walton, and family last Sunday.

Mr. Wilson is quite sick at the County Hospital.

WINTERSBURG'S NEWS BUDGET

WINTERSBURG, Feb. 9.—Charles Blaylock was the host at a party on Wednesday evening, his boy and girl school friends being the guests.

An old-fashioned candy pull with plenty of enjoyable games made up the evening's program, and every one had a fine time. Those present were Alvin Roberts, Iva Dell Southern, Vivian Cady, Mildred Vanduff, Eberline Culver, Ethel Isenor, Lucile Radford, Viola McMillan, Edna Phillips, Raymond Vanduff, Walter Whittiers, Albert Maddux, Wallace Winters, Elsie Wiese, Jacob Walton, Victor Wiese, and the host, Mrs. Blaylock was assisted by her daughter Frances, Miss Lorena Culver and Miss Eunice Stockton, who aided materially in making the party a grand success.

The senior Y. M. C. A. boys were invited to the home of R. L. Draper on Tuesday night and royally entertained. After the regular business session, refreshments were served, Mrs. Draper being assisted by her daughter, Miss Bessie Draper. Those present were Raymond Beam, Roy Walton, George Gothard, Lorin Maddux, Frank Draper, Ray Shaffer, John Shutt, James Maddux, Clemon Maddux and H. A. Crane.

B. M. Sprinkle drove his new car to Lamanda Park Sunday with a party of relatives who are touring California. Edwin Smith of Alden, Ia., his brother-in-law and a sister and her husband from Danville, Ill. They had spent several days visiting Mr. and Mrs. Sprinkle.

At the Woman's Home Missionary meeting next Wednesday afternoon, Rose Schabacker, demonstrator of the Royal Baking Powder Company, will give a short talk on baking powders and also an exhibition of cooking. This will be open to all the women of the neighborhood, and it is hoped a large number will attend. The meeting will be held at Mrs. N. Walton's at 2 p. m., February 14.

The Hustlers, one of the literary societies of the Ocean View school, will give a program this afternoon. All parents and friends are most cordially invited to be present.

Brief Notes
Clyde Day has moved his family from Smetzer to Wintersburg into the house at the corner of Palm and Main streets.

Rev. and Mrs. O. N. Oleson motored to Garden Grove Wednesday afternoon for a visit with friends.

Charles Graham has moved his farm machinery to Puente, where he expects to put in a large crop of beans and potatoes.

Mrs. G. M. Roberson is suffering from a very painful ailment of the eyeball. It is hoped she will soon get relief.

J. D. Shutt and family motored over to Earl Gardner's on Wednesday evening in the new auto of John Shutt, Jr. The La Bolsa Tile Works, located one mile south of Wintersburg, turned out 5800 feet of stoneware tile on Friday, a pretty good run for one day's work.

Mrs. W. F. Slater and baby are in Los Angeles, called there by the serious illness of Mrs. Slater's mother, Mrs. Ella Clay.

Dr. and Mrs. S. G. Huff are enjoying a visit with Mrs. Swartz, of Emporia, Kan., who is in California for the winter months. Mrs. Huff is not at all well, and Mrs. Swartz, her cousin, will make an extended visit and become well acquainted with our sunny southern climate.

Andrew Moore has been engaged to put in the beet crop on G. M. Roberson's twenty acres.

Will McElhott, of Taft, was a guest of Frank Ulrich and family Sunday. The young man, who is a nephew of Mrs. Ulrich, had not made them a visit for four years, and the meeting was most enjoyable. In the afternoon the Ulrichs took the guest for a trip to Santa Ana.

ARGENTINE PRESIDENT FLOUTS SOLONS, WON'T LIVE IN WHITE HOUSE

BUENOS AIRES, Feb. 9.—Through Minister of the Interior Gomez, President Irigoyen today served notice on Congress that he proposes to lead as an unostentatious private life as he likes, even if he is chief magistrate.

Criticism of some of his personal economies developed in connection with the budget discussion in the Chamber of Deputies. Although the president has assigned all his salary to charity, the critics expressed the opinion that so rich a man ought, as president, to assume somewhat more state, considering the official position he occupies.

"President Irigoyen," said Gomez, "assumed his great responsibilities at the call of the people but, as president, he does not intend to abandon his simple manner of living as a private citizen."

The president still refuses to live in the Casa Rosada, or Argentine White House, which has been turned into a suite of government offices, but makes his home in his own very modest residence, with his daughter, only two or three servants and practically no company.

Ore Values Increase and Go to Great Depth At Chloride

"Chloride properties in the past have produced from grass roots ores of exceptional value, and in the last few years it has been demonstrated that these values not only go to great depth, but have increased.

"The Tennessee, at the north-westerly end of the district, has improved steadily with each new level, and the present depth of 1400 feet is reported to contain the best ore yet found in this property.

"The Golconda, at the other end of the district, has attained a depth of 1000 feet, showing a constant improvement.

"The ore recently encountered in the Hughes Arizona Copper Company's tunnel shows values as high as 19 1/2 per cent copper, 34 per cent gold and 78 ounces silver. This vein is from four to ten feet in width.

"Extensive sampling in one chute opened with tunnel shows values of \$20.40 per ton. Reports just received from the property tell of marked improvement in breast of tunnel."

"The above is part of a news item in the Los Angeles Examiner of January 22.

LIVE NEWS GATHERED FROM GARDEN GROVE

SPLENDID MEETING IS HELD BY P.-T.

GARDEN GROVE, Feb. 9.—The Parent-Teacher Association met Tuesday afternoon with a splendid attendance and good program.

Four little girls from the Third grade, under the supervision of Miss Chaffee, dramatized "The Story of the Grasshopper." The story was greatly enjoyed by every one as it shows how Miss Chaffee tries to impress the stories upon the little folks.

Following this Miss Beatty, literature teacher in the Fullerton high school, talked very interestingly along the lines of "Children's Reading," giving helpful hints to both teachers and parents, emphasizing that children be allowed to act the stories and that more Bible stories be read, also the Greek myths, which would not make literature such a task when the child enters high school, and at the same time incites taste for good reading.

A short time for questions or suggestions was then given.

The Library committee comprising two teachers and one mother reported, after looking through the school library a shortage of books to read and those on hand to be in poor condition.

The regular allowance for library use is now available and will be used immediately.

The teachers are making out their lists and ask that parents having any special books they would like to have their children read would send in the titles as soon as possible that they may be included in the order.

The chairman of the Emergency committee reported clothing given out and one comfort tied in January and \$2 was allowed to the Seaside Orphans' Home to purchase shoes for the little ones. The chairman of Ways and Means committee reported an entertainment under way consisting of a play by the teachers and other local talent, after which there will be an auction and all who can are asked to donate some salable article such as fancy work, candy, cakes, etc., the fancy work to be brought to the school house Thursday, February 22.

The Third grade again won the picture, having ten parents present.

MISS STELLA JESSUP ENTERTAINS S. A. CLUB

GARDEN GROVE, Feb. 9.—The Thursday afternoon Club of Santa Ana was entertained last Thursday afternoon at the home of Miss Stella Jessup. Progressive ruck was enjoyed. The prize for the highest score went to Mrs. A. V. Todd and Miss Mildred Cook received the consolation prize. Refreshments of chicken patties, sandwiches, cake and cocoa were served.

Miss Helen Hedstrom entertained the Spanish Commercial Club of the Anaheim High School last Thursday evening at her home. Spanish games were played. Throughout the evening only Spanish was spoken. Refreshments of tamales, sandwiches, cocoa and olives were served. There were fourteen present.

GROVE FARMS PRODUCE 75 P. C. OF SOUTHERN CALIFORNIA'S CHILI Prices During Season Range From 9 to 15 Cents Per Pound

GARDEN GROVE, Feb. 9.—Orange county produced this season about 500 tons of the California Mexican seed chili and 150 tons of the California long red pods.

Garden Grove district produced about 75 per cent of the output. Prices have ranged from 9 to 15 cents per pound.

The crop just harvested here represented 400 acres of Mexican chili and 100 acres of California chili, where the whole crop was dried.

The present prices on Mexican chili is 15 cents per pound, while California chili is selling as high as 17 cents per pound.

If these prices prevail over the 1917 crop the growers will reap a handsome profit from their labors.

The crop of dry chili should bring to the growers of this section when all has been marketed \$125,000 to \$150,000.

RECEPTION IS GIVEN REV. GEORGE FRANCIS

GARDEN GROVE, Feb. 9.—The reception given to Rev. George Francis and family proved to be an occasion of high merit and it was apparent that much thought and care had been taken in the arrangement of the program and other plans which culminated in what is considered by many to be one of the most happy events of the season.

Space would not permit to go into detail and speak of all the good things mentioned in the speeches of the evening, but suffice it to say that they were very kind, witty and thoughtful all leading to one common center which spelled welcome for the new pastor and his family.

It was much regretted that Rev. Anderson of the Free Methodist Church could not remain through the evening but on account of services in his church could only stay long enough to offer the opening prayer which was earnest and carried with it unity, co-operation and thankfulness.

The program of the evening was in charge of Mr. Ralph Cole, secretary of the County Y. M. C. A., who started off in high speed and, as is his custom, did not allow the interest to abate for a moment.

The speakers of the evening were Dr. C. C. Violett, address of welcome on behalf of the church; Rev. Reinius gave the welcome on behalf of the M. E. Church; Prof. S. R. Fitz represented the school and community in general; Rev. Russell of First Baptist Church of Santa Ana gave a welcome from the Southern California Baptist convention. The speeches closed with an address of response by Rev. G. Francis, guest of honor to the speeches that had gone before.

The music of the evening was much appreciated, consisting of a piano duet by Miss Maud Aronhalt and Mrs. Ed Schweizer; vocal solo, Mr. Henry Garner, accompanied by Miss Adland; violin solo by I. F. German, accompanied by Miss Adland; vocal solo, Miss Adland, with I. F. German at the piano; piano solo, Miss Ruth Violett.

Following the program the ladies of the church furnished a lunch, consisting of sandwiches, cookies and coffee, during which time Mr. I. F. German and Miss Adland rendered beautiful music on violin and piano. After refreshments some time was spent in a social way, all leaving for their homes talking of the delightful evening they had spent together.

MOTORISTS VISIT IN ORANGE COUNTY PARK

GARDEN GROVE, Feb. 9.—Mr. and Mrs. E. Chaffee, Mr. and Mrs. A. J. Chaffee, Mr. and Mrs. C. C. Reed and Mrs. Walter Reed and daughter of Santa Ana, Mr. and Mrs. E. Johnson of Rivera, Mrs. B. W. Newsom of Long Beach with relatives who are visiting California for a few weeks motored to Orange County Park on Tuesday and enjoyed a picnic dinner and a pleasant day together. Beside the above mentioned were Mrs. Herbert Miskin of Vancouver, L. E. Chaffee, Valparaiso, Ind., Mrs. Della Chaffee and Mr. W. T. Chaffee of Pawpaw, Ill.

The Home Missionary Society of the M. E. Church will meet next Wednesday for an all-day meeting at the home of Mrs. Helen Schnitzer.

The Queen Esther Circle will be guests of the Missionary Circle and each member of the society is invited to bring a guest. There will be a good program and a speaker from out of town.

JAPANESE BUILD SCHOOL AT GROVE

GARDEN GROVE, Feb. 9.—The Japanese of Garden Grove have shown their enterprize and regard for education in building a school for the enlightenment of their American-born children.

The Japanese consul of Los Angeles, W. Oyama, attended the dedicatory services and spoke in English, setting forth the reason for the erection of the school building.

He stated that the Japanese officials desire the American-born Japanese to acquire a good understanding of the Japanese language in addition to the English learned in American schools. Therefore, a short time each week will be given to the teaching of the Japanese language to the American-born children. With the knowledge at hand they hope better to understand the American people and also to give to the American people a better understanding of themselves. In other words, their people so educated would act as a go-between with the Americans and Japanese. After the services a banquet was served in the Garden Grove hotel, where about thirty Americans and Japanese sat down to a chicken dinner. In the evening a Japanese entertainment was given which lasted from 6 p. m. to 1:30 a. m., and \$850 was raised. After expenses are paid the balance will go toward the maintenance of the school. According to the custom of their native land they served refreshments during the evening. About 500 were in attendance. Monday night the program was given again for the public and was largely attended.

Use the Easy, Convenient, Modern Cook Book—

Globe Recipe Index File

—So easy to find the recipes, as they are filed under eleven different headings—Bread, Desserts, Cake, Fish, Salads, etc.

—So convenient because each recipe is printed on separate card—can be stood up or pinned up wherever you are working.

—So moderate because the file is a duplicate of those used in the down-to-date business office.

—Seventy-five recipes in the file, by Mrs. Pearce, Domestic Science Director Y. W. C. A., Los Angeles. Also ten blank cards for copying your favorite recipes. More than ten thousand women using them.

Little Talks on 'Rules for Success'

Here's the Point

Men who have things are men who appreciate the importance of affiliating themselves with a good bank. A bank affiliation is indispensable.

It assures others that you understand the importance of employment business principles in your every day transactions.

Associate yourself with the Farmers & Merchants National Bank and the Home Savings Bank of Santa Ana, whose mission is to build up the community by aiding the men in it.
